

MODEL NUMBER: **SA10YP-00-AS00**

Siren is an audible and visual alarm indication device to announce an alarm condition within the monitored area.

SHORT RANGE RADIO	2.4 Ghz
Standard	IEEE 802.11.4
Bandwidth	2 Mhz
Data rate	250 kbps
Modulation	QPSK
Antenna	Dipole
EIRP	12 dBm
Security	ECC (secp160r1)
Authentication & encryption	AES 128
Max LOS distance	500 m
Network topology	Mesh network (multi hop data transmission)
INDICATION DEVICES	
Siren output	Max 102 dBA at 1m on axis
Siren sound	Customizable sound pattern
Beacon lens colour	Amber
Beacon control logic	Flashing in sync. with siren sound
BATTERY	1-4 rechargeable Li-Ion
Voltage	3.7V
Capacity	10.2 Ah
Lifetime	>400 days standby/ 20h constant alarm (using 1 battery)
Auxiliary solar panel	optional
DIMENSIONS	
Size	1200 x 750 x 3200 mm
Weight	1.3 kg (with 1 battery & 3 battery dummies)
